

PRACTITIONER BIOGRAPHY

Dr. Jonathan Burgess BDS (GDC No. 70555)

I qualified from Newcastle University in 1995 and joined the practice in 2002.
I currently work full time at St. George's Dental Practice.

Since qualifying as a dentist I have worked in general practice in the UK as well as in Australia.
Whilst in Australia, I worked as part of the Queensland mobile dental service treating the Aborigines.
I also spent time working in the private dental service in Australia.

I have a particular interest in crown and bridge restoration work and smile makeovers.
I offer tooth whitening procedures and cosmetic enhancements using porcelain laminate veneers.

I enjoy excellent feedback from my patients and have several case histories on file to demonstrate cosmetic possibilities.

I attend regular dental courses ensuring I keep abreast of all new and innovative dental procedures.

I welcome new private patients.
